London SE18 5NE

- Highly creative graphic & digital designer with 5+ years experience
- Have a wide range of design skills that I'm able to transfer and adapt to each individual brief
- I always strive to find effective solutions to all the design projects I work on, focusing on the needs of the client and their customers
- I'm keen to move on to a position that offers more diversity and bigger challenges where I would be able to use and develop all the skills I have
